ABOUT LOCATION

[Welcome to the beautiful place: Te Aroha](#)

Visit Te Aroha to experience our naturally hot soda spas and warm leisure pools set among the green tree ferns of Mt Te Aroha. Our magnificent mountain is an ever changing backdrop to an historic and vibrant Spa town through which the Waihou River winds its way out to the Firth of Thames. Discover Te Aroha's rich history when 'taking the waters' was a fashionable pastime and a cure for everything. Be transported back in time to the gold mining days of Waiorongomai Valley where fortunes were made and lost, where you can still follow old miners' trails and discover relics of the gold rush days.
